To: Hellrung, Megan E <Megan.Hellrung@uchealth.org>;

Meg,

Thank you for covering for me while I was away for 2 weeks by dealing with any problems that arose, carrying the phone, being a resource for our team and staff, and checking the schedule for correct cards and equipment conflicts in advance. Also, your report to me was very organized and comprehensive, which made it easier to pick back up where I left off. Thanks again, and I'm lucky to have you on my team!
